

# CHIROPRACTIC

## TRANSFER **Student Curriculum Guide**

**CONTACT PERSON: Shawn Iverson • Jack Science Center 201F 224-5733 • [Shawn.T.Iverson@bsc.nodak.edu](mailto:Shawn.T.Iverson@bsc.nodak.edu)**

Students may complete the first two years in chiropractic at Bismarck State College. The Associate in Science degree will be granted to students who complete the degree requirements and will prepare students for transfer toward a degree in chiropractic. Colleges of chiropractic often require 90 semester hours prior to application for admission. Many of these hours must be from upper-level courses (300- or preferably 400-level courses). Upper-level coursework must be completed at an institution other than BSC.

A doctor of chiropractic is a physician whose purpose is to help meet the health needs of the public, giving particular attention to the structural and neurological aspects of the body. Chiropractic focuses on the inherent ability of the body to heal without the use of drugs or surgery.

High school students interested in chiropractic should pursue a course of study heavy in the sciences.

Many schools of chiropractic are accredited by the Council on Chiropractic Education (CCE). These schools do not have identical admission requirements. The following curriculum is suggested as a guide. Students should check the catalog of the school of chiropractic of their choice, bring this information to their advisor, and modify this curriculum accordingly. Students may wish to contact the Council on Chiropractic Education at [www.cce-usa.org](http://www.cce-usa.org) for additional information about schools and requirements.

### **SUGGESTED CURRICULUM FOR AN ASSOCIATE IN SCIENCE:**

#### **FRESHMAN**

#### **CREDITS**

College Composition I & II (ENGL 110-120).....	6
Fundamentals of Public Speaking (COMM 110) .....	3
General Chemistry I & II (CHEM 121-122).....	8
General Chemistry I & II Labs (CHEM 121L-122L).....	2
General Biology I & II (BIOL 150-151).....	6
General Biology I & II Labs (BIOL 150L-151L).....	2
College Algebra (MATH 103) .....	4
Trigonometry (MATH 105) .....	2
Enrichment .....	2
Total credits.....	35

#### **SOPHOMORE**

#### **CREDITS**

Intro. to Psychology (PSYC 111).....	3
Social Science Elective .....	3
Organic Chemistry I & II (CHEM 241-242) .....	8
Organic Chemistry I & II Labs (CHEM 241L-242L).....	2
College Physics I & II (PHYS 211-212).....	6
College Physics I & II Labs (PHYS 211L-212L).....	2
Elementary Statistics (MATH 210).....	3
Arts & Humanities Electives .....	6
Total credits.....	33
