

# HEALTH EDUCATION

## TRANSFER Student Curriculum Guide

**CONTACT PERSON: Deb Shipman • Jack Science Center 201B  
224-2458 • Deborah.Shipman@bsc.nodak.edu**

The following courses are suggested for students interested in pursuing a health education major. These courses are offered at Bismarck State College for freshmen and sophomores and should provide for smooth transfer into the four-year health education major.

The program is designed to provide lower division training for such careers as teaching, government services employment (health agencies) and other related fields.

Students who complete the requirements earn an Associate in Arts degree.

**Career Possibilities:** Health teacher, administrative positions in government health agencies.
