

School is expensive. We want to help.

Our scholarships are a convenient way to get financial support for school. Now with 800+ scholarships available across Canada, the U.S. and Mexico, you could receive a scholarship valued at up to \$5,000.

TC Energy is proud to help build strong communities, develop the next generation of community leaders and provide a skilled workforce for our industry.

TC Energy has three scholarship categories:

1. **STEM Scholarship:**

In support of students who are studying science, engineering, technology or math academic disciplines related to our industry and can demonstrate a strong commitment to their community through volunteerism, leadership or other community involvement.

2. **Indigenous Legacy:**

In support of Indigenous students (Native American) pursuing any full-time, post-secondary program at a registered education institute.

3. **Trades:**

In support of students who are entering in a qualifying trades program at a registered education institute. This includes, but is not limited to, mechanical, electrical, instrumentation, welding, pipe fitting and camp related positions.

Basic Scholarship Criteria:

- Enrolled in a post-secondary institution for the up-coming academic year
- A citizen or permanent resident of the U.S.
- Located in a community near [TC Energy's operations or projects](#)
- Would benefit from supplementary education funding

Applicants may go to www.tcenergy.com/scholar-us-west to answer the short questionnaire to see if they are eligible and submit their application. If eligible to apply, scholarship link with "Apply Now!" will appear on the screen.

Application deadline: May 6, 2022
